

# Vacation

# Checklist

It is advisable to only bring what your pet will really need while on vacation. Please bring the appropriate sized container for all special food and treats. It may be wise to bring food from home if it is different from what we serve, so as not to upset any delicate tummies. Label every item with your pet's first and last name. Doe Creek Kennels is not responsible for a pet's personal items. *If you're bringing multiple dogs, please complete one form for each of them.*
